

### Legal Information about the fraudulent Employment/Job offer;

iDATA is the official authorized institution for visa applications for Germany and Italy in Turkey and [www.idata.com.tr](http://www.idata.com.tr) is the only official Website of iDATA. It has been discovered by iDATA that some individuals/institutions identify themselves as the Agent or Substitute of iDATA and in this context they take job offer and provide employment opportunity and attempted to defraud Person to steal their data and money. We recommend **to acting discreet and careful in situations with such job promises, employment offers and visas for money**. These offers are false, void and have unconnected iDATA. These persons use the name of iDATA illegal and use without authority the registered Logo of iDATA by means of Internet site/Website and especially Internet, Email, Phone and similar methods for their illegal actuations/deeds. iDATA warns the people involved of this type of fraud.

iDATA is not a human resource company ad does not offer any kind of employment services. iDATA is a Visa Application office which is only in cooperation with governments and lead the diplomatic mediations services for the Visa application. If you receive a claim for money or whichever offer with the Name of iDATA you must assume that this offer has a fraudulent background. Below you can find the exactions of iDATA toward fraud signs, ethical mentality and templates of fraud referred to job offers:

- An attempt is made to release your personal and discreet information.
- The consultation is carried out by telephone or with instant message attempts.
- If they request you, to make payment by a bank transfer for an appointment referred to your application.
- If they request you, for a bank transfer or every kind of payment at the begin of your applications procedure.
- If they request you, to fill a Visa application form or recruitment form or the like.  
(It is possible, that they use the iDATA logo unwarranted in the documents)

These types of acts are intended to steal the information from applicants and to defraud the applicants. These types of actions are under legal and criminal liability. iDATA is seriously prosecuting these acts and legal action against these websites and individuals. In case you get involved in this type of action, you can file a complaint by the police force or the public prosecutor.

iDATA bears no liability for the accrued for the resulting damage, complaint or losses through actions from this individuals or corporations.
